FEATURES OF ROKKHI

Visitor Management

As visitors arrive to a property, residents are notified, wherever they are.

White List

Pre-approve their guest's invitation

Household Staff Management

Staff arrivals are time-stamped for entry and exit times.

Mobile Intercom

Guards can initiate an old-fashioned phone call and communicate

Child Security

Ensures that children don't step out unaccompanied.

Bill and Payments

Administrators and users can now track, manage and pay service and utility bills

Vehicle Management

The tenants are notified every time their car leaves or enters the building.

Fingerprint Scanner

RFID and fingerprint scanner integrated with the app both authenticates and records attendance.

Notice Board

Users get urgent community notification regarding power outage, water shortage, lift maintenance, garbage disposal etc.

CCTV & Face Recognition

Integrating existing building CCTV camera with app with AI, an interactive video-intercom system is presented directly to the residents.

S-3 ,Park Plaza, House-31, Road-17, Banani Dhaka-1213, Bangladesh
